

CS4500 Weekly Management Report

Team 10

Team Let's Meet

September 30, 2022

Accomplishments

(Be specific – what was accomplished and who participated; bulletize response)

- (B3) Mobile Calendar rework (simplified redesign, ability to create events but without API calls)
 - Hope
- (B3) Polished frontend of Web for B3
 - Lindsay
- (B3) Polished the backend for B3: event and calendar creation such that an event is tied to a calendar. This allows the user to make a schedule (i.e. a set of calendars with events).
 - Ethan

Goals & Priorities

(List short- and long-term goals in decreasing order of importance; state who is primarily responsible and when due)

Short Term :

- (General Development) Update register functionality to create a user in our DB and link to Identity
 - Kolby 10/7/2022 (progress made but not complete)
- (B4) API endpoints for friends and groups (e.g. friend requests, group creation)
 - Ethan 10/7/2022
- (B4) Implement real API calls for Mobile calendar creation and be able to create/join groups in Mobile (without API calls)
 - Hope 10/7/2022
- (B4) Creating Group Calendar and Displaying on web frontend UI items
 - Lindsay 10/7/2022

Long Term:

- (B4) Create/join groups functionality on Mobile that interacts with the server, add any additional functionality that the web end has that is missing from Mobile.
 - Hope 10/21/2022
- (B5) Research solution to CSP problem of finding time to meet
 - Ethan 10/21/2022
- (General development) Update AWS to match beta once it is ready
 - Kolby 10/21/2022
- (B5) Figure out how front end will give data to backend
 - Lindsay 10/21/2022
- User Guide (Due October 21)

Needs

(List any help you need from upper management – specify whether TCH or sponsor)
