CS4500 Weekly Management Report

Team 10

Team Let's Meet

October 7, 2022

Accomplishments

(Be specific – what was accomplished and who participated; bulletize response)

- (B4) Implemented real API calls for Mobile calendar (aka event) creation (and delete/edit/get)
    - Hope
- (B4) Frontend displaying for group creation
    - Lindsay
- (B4) Worked on endpoints for making and accepting friend requests and creating groups.
    - Ethan
- (General Development) Updated AWS to latest beta version for development testing
    - Kolby
- (General Development) Identity now links to our custom DB information on account creation
    - Kolby

Goals & Priorities

(List short- and long-term goals in decreasing order of importance; state who is primarily responsible and when due)

Short Term:

- (B4) Finish API endpoints for friends and groups. Get started on B5.
    - Ethan 10/21/2022
- (B4) Be able to create/join groups in Mobile (without API calls). (B5) Prep Mobile for automatic meeting functionality
    - Hope 10/14/2022
- (B5) Figure out how front end will give data to backend and how the view will look
    - Lindsay 10/21/2022
- Design Doc and User Guide (Due October 21)

Long Term:

- (B4) Create/join groups functionality on Mobile that interacts with the server, add any additional functionality that the web end has that is missing from Mobile.
    - Hope 10/21/2022
- (B5) Research solution to CSP problem of finding time to meet
    - Ethan 10/21/2022
- (P1) Look into how this might work (might need to update calendar to allow recurring events and all day events)
    - Lindsay 11/4/2022

Needs

(List any help you need from upper management – specify whether TCH or sponsor)
